Philippines Update - Completion of Met Mast Construction

Coro Energy PLC, the South East Asian energy company with a natural gas and clean energy portfolio, is delighted to confirm that further to the Company's announcement of 31 August 2023, installation of the 130 meter tall meteorological mast in the Philippines is now complete, all equipment having been delivered to site on time and within budget. The wind data gathering campaign is now underway and will operate for up to twelve months delivering bankable data to the Company's utility scale projects in the province of Oslob.
